

	Flowering native vegetation- common across VIC Ecological Vegetation Classes												
	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	
Beneficial insect peak predatory activity many adult beneficial insects require a nectar source and it is their larval stage that preys/parasitises pest insects. Examples are Hover flies and Trichogramma	<i>Grevillea sp, Epacris sp, Kennedia prostrata,</i>	<i>Acacia, Grevillea sp, Epacris sp, Kennedia prostrata,</i>	<i>Acacia sp, Grevillea sp, Epacris sp, Kennedia prostrata,</i>	<i>Acacia sp, Grevillea, Melaleuca sp, Helichrysum sp, Kennedia prostrata, Rhodanthe anthemoides, Brachyscome multifida, Austrodranthonia setacea,</i>	<i>Arthropodium (Lilies), Pultenae (bush peas), Acacia sp, Grevillea sp, Leptospermum sp, Melaleuca sp, Helichrysum sp, Kennedia prostrata, Brachyscome multifida, Rhodanthe anthemoides, Brachyscome multifida, Rhodanthe anthemoides, Bursaria spinosa, Prostanthera lasianthos, Austrodranthonia setacea,</i>	<i>(Lilies), Pultenae (bush peas), Acacia sp, Grevillea sp, Leptospermum sp, Melaleuca sp, Helichrysum sp, Kennedia prostrata, Brachyscome multifida, Rhodanthe anthemoides, Bursaria spinosa, Prostanthera lasianthos,</i>	<i>Arthropodium (Lilies), Acacia sp, Grevillea sp, Leptospermum sp, Melaleuca sp, Helichrysum sp, Kennedia prostrata, Brachyscome multifida, Rhodanthe anthemoides, Bursaria spinosa, Prostanthera lasianthos,</i>	<i>Arthropodium (Lilies), Acacia sp, Grevillea sp, Leptospermum sp, Melaleuca sp, Helichrysum sp, Kennedia prostrata, Brachyscome multifida, Rhodanthe anthemoides, Bursaria spinosa, Prostanthera lasianthos,</i>	<i>Arthropodium (Lilies), Acacia sp, Grevillea sp, Leptospermum sp, Melaleuca sp, Helichrysum sp, Kennedia prostrata, Brachyscome multifida, Rhodanthe anthemoides, Bursaria spinosa, Prostanthera lasianthos,</i>	<i>Arthropodium (Lilies), Acacia sp, Grevillea sp, Eucalypt sp.</i>	<i>Arthropodium (Lilies), Acacia sp, Grevillea sp, Eucalypt sp.</i>	<i>Arthropodium (Lilies), Acacia sp, Grevillea sp, Eucalypt sp.</i>	<i>Arthropodium (Lilies), Acacia sp, Grevillea sp, Eucalypt sp.</i>
Ladybirds													
Green lacewing													
Brown lacewing							Abundance						
Hover flies							Abundance						
Damsel bug													
Ground beetles													
Predatory shield bugs													
Earwigs													
Parasitic wasps							Abundance						
Spiders													
	Aphids- 1 gen,	Aphids- 1 gen,	Aphids- 1 gen,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,	LBAM, Aphids, Codling moth, thrips,
	<b>Pest insect peak lifestage activity</b>
